

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since nineteen fifty nine. Whether the job entails positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler would help make the job go faster and easier. These units are complete together with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull could provide eighty inches of boom travel for precision placement functionality. There are even lots of optional Lull accessories for their telehandlers to be able to help complete whatever task.
