

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global trade. Transporting industrial goods happens each day on our industrious world. Initially innovated as industrial vehicles in the 1930s in America, forklifts gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread globally.

In nineteen forty nine, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial forklifts, making their models known all around the globe. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling business.
